Personalcare/ Self Directed Support

An individual service

Are you on Self Directed Support e.g. Individual Budgets, Direct Payments or Individual Service Funds?

If you, or a friend or relative, needs help with independent living in your own home, DABD Personalcare provides a high quality, flexible care support service tailored around the individual, at fair and competitive costs.

We have been operating for almost 20 years and have been awarded 'approved provider status' by the London Borough of Barking and Dagenham, as well as being rated an 'excellent service provider' by the Care Quality Commission (CQC).

Our care support is person-centred and designed to encourage freedom of choice with clients actively supported to make decisions about their own care. We support and encourage clients in writing their own support plans.

All aspects of personal care are provided including bathing/washing, personal support, dressing, shopping, preparing light meals, domestic support, accompanying to appointments and on holidays (where possible) and support with social activities. We also offer specialised & personalised care support for people with high levels of need.

Our team

To ensure your peace of mind at all times, our care workers undergo a stringent selection process, including enhanced CRB (Criminal Records Bureau) check, and an ongoing training programme meeting Care Quality Commission standards and regulations. Spot checks are regularly carried out to ensure that our service remains at the same high level.
